September 2018

Crisis Intervention Training 40 Hour Course (TCOLE Course #1850)

**September 03-07, 2018 / 40 hours / \$30
0800 – 1700**

This course is a required course to be completed no later than the second anniversary of the date the officer is licensed or the date an officer applies for an intermediate proficiency certificate, whichever date is earlier. The begin date to satisfy this requirement is April 1, 2018.

With increasing frequency, law enforcement is being called upon to respond to individuals in serious mental health crises. It is necessary for law enforcement personnel to understand mental illness, and the tactics and techniques that have been proven to work most effectively when responding to individuals in these situations. These tactics and techniques are different than those routinely taught to officers to manage conflict. Generally, the underlying element behind mental illness-related behavior is usually not criminal or malicious. Utilizing the information from this course, and implementing effective strategies can help keep the officer safe, keep the public safe, and greatly reduce civil liability.

For more information: Email mark.wise@wfpd.net or call 940-720-5059.
